Hi Lindsey,

Welcome to the **Sit Safe Beta Program** — and thank you for being one of our early testers! Your participation and feedback are key to helping us improve the platform before we officially launch.

What You'll Do

As part of the beta, here's what we'd love for you to try:

- **Create & Manage Events** – Set up events as a facilitator and invite guests.
- **Experience the Flow** – Test both facilitator and guest views to understand the communication experience.
- **Report Issues** – Let us know if anything isn't working or feels confusing.
- **Give Feedback** – Share what's working well and where we can improve.

How to Get Started

1. Check Your Email (this is it)

Look for an invite from Sit Safe with your username and a temporary password.

Login: thelindseybarnes@gmail.com

Password: \$it\$@fe.2025

2. Log In

Use those credentials to sign in at: [/sitsafe.guide]sitsafe.guide and immediately change your password by clicking on the account icon in the top right corner, then select security, then update password.

3. Try It Out

- Create a test event as a facilitator.
- Add yourself as a guest (using a *different email* than your facilitator account).
- Complete the guest form to simulate the full experience.

4. Experience the Emails

- As a **facilitator**, you'll get an alert when a guest submits a form.
- As a **guest**, you'll receive:

- An invitation to the retreat
- A confirmation with a recommendation report after submission

5. Test Notifications

Verify that emails are received correctly in both facilitator and guest roles.

6. Share Your Feedback

Let us know what you think or if anything breaks! Use the methods below.

✂ How to Report Issues

-  **Email:** support@sitsafe.com
-  **Feedback Form:** [click here](#)

What Happens Next?

We'll be reviewing feedback weekly and continuously updating the platform. Please expect occasional bugs and design updates — your insights are helping shape the final product.

Thanks again for being part of this beta test. We're thrilled to have you on board!

Warmly,

The Sit Safe Team
